

February 18, 2025

Dear Neighbor,

We are writing to notify you that Sequioa Sequestration Hub, LLC, a subsidiary of 1PointFive, will soon begin work to drill a stratigraphic test well within two miles of your property. A stratigraphic test well is a well that is drilled to gather information about the subsurface characteristics. In our commitment to being a good neighbor, we provide frequent and transparent information, seek community feedback, safeguard the environment, and protect the health and safety of employees and communities.

Below is a summary of the planned work and the estimated schedule. The schedule below is subject to change based on rig availability and weather conditions.

Phase	Work Activity	Estimated Start	Estimated End
1	Prepare location	Completed in 2024	Completed in 2024
2	Begin underground construction process by installing casing and cement	End of February 2025	End of February 2025
3	Drilling stratigraphic research well	Early March 2025	End of May 2025

For up-to-date information and timing, please reach out to our team.

Standard practices and mitigation strategies

Our standard practices align with the regulatory requirements and guidelines of Sutter County and the State of California. We carefully planned this location's development and techniques to minimize any temporary impacts from development and operations.

Don't hesitate to contact our team for the most up-to-date information on this project.

Sincerely,

Stakeholder Relations Team
